i-MedPlus CHDP solution is available in two different versions, the iForm version for automatic database based PM160 forms processing and the Electronic Billing version with direct electronic PM160 claim transmission to Medi-Cal/EDS without the overhead costs of clearinghouses. Both versions support the printing of the latest PM160 version 8 form. This easy to use, cost saving, and productivity enhancing Microsoft Windows application starts at only \$499.

"If you have CHDP patients and you are not using this application you are cheating yourself. Period." - John Esho, Pediatrician
